Manager
Bell Foods Group
Kochi, India

Respected Manager,

I am writing to express my interest in the internship opportunity at Bell Foods Group, Kochi. With a solid background in coding, problem-solving, and a genuine eagerness to learn, I believe I can make a positive contribution to your team during both the remote and onsite phases of this internship.

I am currently pursuing an MSc in Data Science at Christ (Deemed to be University), Pune. Through my academic journey and various projects, I have developed strong programming skills, particularly in Python, and have gained hands-on experience in data analysis and web development. My work on projects like ClickFix, a web application that simplifies booking home services, has strengthened my ability to solve real-world problems using technology.

What attracts me to this internship at Bell Foods Group is the opportunity to apply my skills in a practical setting, especially in a well-respected company like yours. I am confident in my ability to communicate effectively and work collaboratively with your team, both remotely and onsite, from February to May.

I am eager to contribute to your company's success while also learning from the valuable experience this internship offers. Thank you for considering my application. I look forward to the possibility of discussing how I can contribute to your team.

Sincerely,
Abhidev SP
